SSF AWARDS 2026

SSF is a sport and youth work charity. We use the transformative power of sport to enable young people to be healthier, more confident and more resilient so that they are better prepared to combat the effects of poverty, trauma and adversity.

The SSF Awards recognise the achievements of young people. Every single one of these young people is inspirational. They have all overcome challenges, pushed themselves beyond what they thought possible, and have started on paths to incredible, progressive futures. These awards are an opportunity to hear their stories and celebrate this remarkable generation of young people.

We are offering businesses and partner organisations the following sponsorship opportunities to make this an evening these young people will never forget.
